ENERGIZING EXCELLENCE

## INVA ULTRA FORCE POWER TUBULAR BATTERIES

### Company Profile

Founded in 1962 by the visionary Late Shri K.L. Bhatia, Milap Batteries has grown into a trusted name in the battery industry. His dedication and commitment laid the groundwork for a legacy of excellence. Now led by a dynamic new generation, Milap Batteries continues to set benchmarks in innovation, quality, and customer satisfaction.

Over the decades, Milap Batteries has earned a stellar reputation for its unwavering commitment to providing best-in-class automotive, inverter, and solar batteries. Backed by cutting-edge R&D capabilities and a focus on quality assurance, we have consistently delivered products that meet the evolving demands of modern consumers. Our dedicated after-sales support and customer-first approach have solidified our position as a reliable partner in the industry.

We pride ourselves on delivering not just batteries, but complete energy solutions. With Milap Batteries, customers are assured of durability, performance, and trust—values that power our mission to meet and exceed expectations.

### Our Vision

To be a progressive and thriving organization built on the pillars of excellence, innovation, and dedication, empowering society with sustainable energy solutions.

### Our Mission

To become an industry leader by leveraging advanced technology and delivering unparalleled expertise in the battery sector. We aim to empower communities through reliable and innovative energy products that contribute to a sustainable future.

### Research & Development

At Milap Batteries, innovation drives excellence. Our state-of-the-art quality control labs ensure rigorous testing of raw materials and finished products to maintain the highest standards. The R&D team focuses on bringing world-class technology to our customers at the most competitive prices. With a team of experts dedicated to advancing battery technology, we aim to deliver products that offer performance, reliability, and value.

Quality is the cornerstone of Milap Batteries. Every product undergoes stringent quality checks to ensure superior performance and long-lasting durability. Alongside delivering exceptional products, our after-sales support team is committed to providing timely assistance and seamless service. From installation guidance to performance checks, we prioritize customer satisfaction at every step.

### Features

- Fully sealed, leak-proof design.
- Made with durable Selenium and Antimonial Lead.
- Minimal maintenance required.
- Low self-discharge rate.
- Quick recovery after deep discharge.
- Long-lasting life cycle.
- Instant start every time.
- High energy storage capacity.
- PE envelope with glass mat separators for safety.
- Reliable performance in all weather conditions.
- Nano Carbon Technology for fast charging.
- Robust, shock-resistant build.
- Hybrid composition for low water loss.
- Vibration-resistant for rugged use.
- Eco-friendly manufacturing process.
- High reserve capacity for longer usage.
- Corrosion-resistant for extended lifespan.
- Enhanced safety features.
- Comprehensive warranty and after-sales support.

### Automotive Battery

MODEL	CAPACITY	VOLT	WARRANTY
MPAT 800	80AH	12 V	12 Months
MPAT 900	90AH	12 V	12 Months
MPAT 1000	100AH	12 V	12 Months

### Inverter Battery

MODEL	CAPACITY	VOLT	WARRANTY
MPJT 1500	150 Ah	12 V	24+12* Months
MPTT 1650	165 Ah	12 V	36+24* Months
MPTT 2000	200 Ah	12 V	36+24* Months
MPTT 2300	230 Ah	12 V	36+24* Months
MPTT 2500	250 Ah	12 V	36+24* Months
MPTT 3000	300 Ah	12 V	36+24* Months
